

Effectiveness Expert

Joy-ellen customizes her breakout sessions, workshops, and seminars to provide the personal touch for your attendees.

Success with Joy brings a technology approach to becoming more effective – but also updates the traditional no-tech approaches.

“Thanks for teaching us this class, Joy-ellen. I really got a LOT out of it and am inspired to reach a lot higher for myself - to articulate my personal and professional goals and then to move toward them.”

– Anne Lewis, Compaq

Joy-ellen has an eclectic background ranging from government and startups, to Fortune 500. She has been a software engineer, consultant, product manager, marketing manager, and professional speaker.

Book Joy-ellen today for your next event!

Success with Joy

Searching for a high-tech speaker who can connect with everyone in your audience, meeting, or retreat?

Want your attendees to acquire knowledge and skills in addition to having a wonderful experience?

Joy-ellen Lipsky is your speaker!

As a software engineer and student of process improvement, Joy-ellen’s approach to effectiveness comes from research, experimentation, and applying trusted techniques to her own life. The knowledge attendees receive will enable them to gain control of their lives, achieve their dreams, and attain success with joy!

What will attendees learn from *Success with Joy!* programs?

- ð How to manage their time, projects, and stress to **become highly productive**
- ð What to do to **conquer information overload**
- ð Success skills to **improve quality** and **increase the bottom line**
- ð **Balance** between work and personal life
- ð How to **turn dreams into reality**
